Your lips are red when they

Full stop ahead

Red traffic light

Your ears are pink

Sometimes I think that I...

A yellow light

Should be more honest about

And more upright

`Bout how I feel and I...

More yellow light

Em9

Some thoughts in blue

No traffic light

How we outgrew what we

Felt was alright

So here I'm driving slow

A red light

Though a bit yellow with

The end in sight

Em9

C

But I'm ready to come home (2x)

Then I'm on my way back home

All I need is a green light

Then I'm on my way back home
