

# BENJAMIN B

## IT-CHY

*F#*                    *B*  
 You see right through me  
       *E*                    *F#*  
 So I look the other way  
                          *B*  
 My eyes will show you  
           *E*                                    *F#*  
 More than my mouth dares to say

*G*    *C*                *G*        *C*  
 On my knees, she keeps me waitin'  
*F*    *Bes*    *E*  
 On my knees, I pray

*F#*    *B*                    *E*  
 Even a broken clock is right  
                          *F#*  
 Two times a day  
*F#*                    *B*  
 If that won't pardon me  
           *E*                                    *F#*  
 There's nothing to convey

*G*    *C*                *G*        *C*  
 On my knees, she keeps me waitin'  
*F*    *Bes*    *E*  
 On my knees, I pray

*D*                *G*                    *C*  
 Unlike dear Oprah or the Pope  
                          *D*  
 You're always right.  
*D*                *G*                    *C*                    *D*  
 This nitty-gritty stuff will keep us up all night  
*D*                *G*                    *C*                    *D*  
 It's no big issue you just want me to abide,  
*D*                *G*                    *C*  
 By mutual agreement we decide  
                          *C*  
 You're always right.  
       *G*    *G*    *f#*                *Em*  
 Always, .....at least this time
